

If My People...New England

Compact Declaration

We the people of God, born again through the crucifixion and resurrection of His Son Jesus Christ, and sealed with the Holy Spirit, do declare this 2nd day of October 2021 a day of special prayer and thanksgiving.

As written in II Chronicles 7:14 - We humble ourselves before God, recognizing that we, His people, have sinned greatly. We repent for having allowed ourselves to be led astray by our prosperity, taking for granted the mercy and blessing bestowed upon us, and humbly pray for our restoration. Today we turn from our wicked ways and our self-made kingdoms, having selfishly pursued our own interests and instead turn all our efforts to honoring God. We ask forgiveness for being casual in our relationship with God, seeking His hand and not His face, and ask for cleansing and forgiveness.

We also pray for forgiveness and healing toward the Native First Nations, extending them honor, respect and good will. Father, we ask You heal the land that we have saturated with the blood of the innocent, with perversion and idolatry. We choose to seek You, not only during scheduled times but through a lifestyle that says, "We live for God", using our resources to propagate the Gospel of Jesus Christ. This day we turn from our sins, Father, asking that Your presence remain with us.

We pray for Your healing on our nation, our families, churches, schools and government. We boldly pray that we can be the "Light", the "City on a Hill", we were designed to be.
